## GCX Partners with Canadian Company BOMImed

(February 11, 2021) PETALUMA, CA—GCX Corp., the market leader in medical devices mounting, announces a partnership with Canada’s BOMImed Inc., a biomedical company that provides anesthesia, critical care, and warming therapy and patient monitoring products throughout North America.

“This partnership will increase our exposure. GCX and BOMImed will provide a proper channel to sell and support our products to a much larger number of Canadian healthcare organizations. Given the close philosophical alignment and mutual core values shared between our company and BOMImed, we believe this mutual partnership will help Canadian healthcare providers improve care delivery and clinical workflows both on-site and virtually,” said Dave Mikulak, National Sales Director for the US and Canada at GCX.

“GCX and BOMImed continue to support healthcare providers handling influxes of patients with the highly infectious COVID-19, including providing solutions to mount tablets, medical devices and IT equipment for easy access within intensive care units, operating rooms, temporary isolation units and general patient room projects are the primary focus,” he added.

For more information about bringing GCX products to your organization, visit the GCX website at: [How to Buy | GCX Medical Mounting Solutions.](#)

## About GCX Corporation

GCX Corporation, based in Petaluma, Calif., has been providing medical instrument and IT mounting solutions for the healthcare industry since 1971. It sells directly to hospitals as well as through original equipment manufacturers (OEM). Major product lines include wall mounts, roll stands, ceiling mounts, countertop mounts, pole mounts, and a variety of mounting accessories. GCX mounting solutions feature space-saving, ergonomic designs to improve both equipment and patient access. The company has offices in North America, Europe and Taiwan. It also operates warehouse and production facilities in Petaluma; El Paso, Texas; and New Taipei City, Taiwan. For more information, visit [www.gcx.com](http://www.gcx.com).
